CANADA DID AN INJUSTICE TO CROWFOOT

DEPRIVED A GREAT INDIAN OF TRIFLING FAME

WHEN IT CHANGED THE NAME OF A COMMUNITY FROM CROW-FOOT TO GLEICHEN

For by Refusing to Allow His People to Join the Riel Uprising in 1885 When That Lender Tried to Stir Up the Powerful Indian Confederacy He Saved the West in Canada to the British Crown.

When Canada recently changed the name of a small Western community sas City Sept. 36 for the National from Crowfoot Crossing to Gleichen, Joseph will launch the Caldwell Count was thine." When it was finished it Press Congress at Honolulu: William it wiped away a tribute to one of the Southern, Jr., and daughter, of the greatest Indian leaders of the North-Independence Examiner; Mr. and Mrs. west-Crowfoot, chieftain of the H. S. Sturgis of Neosho; Miss Anne E. Blackfeet and head of the powerful Nolen, Monroe City; George W. and war-like confederacy composed of A. J. Adair of the Odessa Democrat Kriegesman, Webster Groves; Mr. and Blackfeet, Bloods, Piegans, Sarcees told a bit of interesting ancient his- Mrs. Marshall Gordon, Columbia; and other allied tribes. His jurisdiction extended over more than ten thousand warriors, and his dominion included the greater portion of Western Canada.

Once Crowfoot held the future of the Northwest country in the hollow days, it is announced by J. H. and of his hand-and chose peace and During one of the hot days of last E. A. Dusenberry, who have leases on friendship with Great Britain rather than war and the struggle to drive the white men from Canada,

That was in 1885, when Riel sent bull. He is worth the effort, and the St. Joseph, in the American Electric his runners through the Indian counincident shows that on occasion it is Company's building. The local work try to stir up the Indians. Many of the tribes were ready to strike. It ranging for the leases has been car- remained for Crowfoot to say the word. With him the attempt looked promising. Without his influence it was doomed. When the runner came Crowfoot listened to his message and refused to take part in the revolt.

He had seen the forlorn battles of the red man against the white in the United States. He knew the power of the British, and besides he had a treaty with the crown, and Crowfoot's word was good. The allied tribes followed the leader.

Sense of Justice Won

R. G. McBeth, who knew Crowfoot, in the Vancouver province, tells of the situation which Crowfoot domi-

There was no military reason why Crowfoot and his braves should not have joined the revolt and swooped down upon the railway, which was just entering the country, pulled up its bright newly-laid rails, thus preventing the transport of soldiers to crush the revolt and leaving the vast country under the rule of the Indians. But back of Crewfoot's royalty in that critical hour was his own innate sense of justice, and the firm and fair administration of the Canadian mounted

It was in 1874 when the men in searlet and gold first entered Crowfoot's life. Then in 1877 Colonel Mac-Leod, commander of the forces, and the newly appointed governor general of the Northwest territories were missioned to visit the southwest berta to arrange a treaty with the powerful and warlike tribes that octhat year nearly all the chiefs of the confederacy, under the leadership of place of Lauman, who, through this Crowfoot, gathered before the council tent to receive the messengers.

Making the "Greatest Treaty"

Governor Laird was a very imposing man, more than six feet tall, frank and manly looking and possessed of designation for a truth-teller and in

## THE LITTLE INVESTOR

The Infrequent Visitor Has Made His Appearance on Wall Street,

From Wall street comes a report

that "the infrequent investor" has made his appearance again. The "infrequent investor" is a superior being in whom all brokers believe. His appearance in force foreshadows an opward turn in the market. He buys when most people are selling, and reople who are numerous and who resentatives of farmers' organizations sells when most people are buying, and through some peculiar financial instinct for the top and the bottom sia kept that country's normal con- he is always right. His last great children of the plains; this has been tribution of 200,000,000 bushels of demonstration is said to have been in our home and the buffalo have been grain out of the world market. This the early fall of 1199, when he sold was not a benefit to the other grain and went south. Man loves to believe feet, Bloods, Piegans and Sarcees as shows. It eliminated Russia as a pur. there are unerring instincts and suyour children now, and that you will chaser in the rest of Europe, and this percior beings. That is why most men reduced buying power, so that Europe so readily credit "feminine intuition." was able to buy less grain, with, as In the same way the plodding prople has proved to be very good. If Mr. Barnes declares, "a serious effect fessional broker, finding himself so often fooled by the winds of Wall street, would be lost without his belief in the divinely gifted investor who scuds before the great seasonal had precisely the same effect. When changes in the market as surely and "The mounted police have protected the Canadian farmer is deprived of safely as the ducks fly south. The us as the feathers of the bird protect the benefit of the American market, public is inclined to think that "the penter, who was charged with the a mellow musical voice. He came to it from the frosts of winter. I wish his buying power is reduced to that infrequent investor" is not decisive, be known among the Indians as the them all good, and trust that all our extent. He has been able to buy less like ducks, but tentative, like the "man who talked straight"—a fine hearts will increase in goodness from of our products, slowing up our in groundhog. He may come out, see this day forward. I am satisfied. I dustry, while his grain has gone into his shadow and go back for another competition with ours in the world nap. It is good news that this harbmarkets. The demoralization of the inger of better times has been sighted on Wall street. But "the infrequent investor" must get reasonably fre-Caradian cattle trade in July, 1921, quent before the general public will

A NEW INDUSTRY FOR WOMEN

A burglar upon entering a Minneapolis home in the course of pracand nearly killed by a debutante armed with a golf club. He escaped. the news account tells us, bearing on his head numerous marks of a fourteen-ounce brassle, wielded by a strong and experienced hand. When it is remembered that these tokens were presented to him despite his strenuous resistance, and in the dark, have been his fate had the young lady enjoyed the privilege of teeing him

This incident, depressing as it may for a livelihood, brings home the new which of yore greeted alike the appearance of a burglar or a mouse! tion. Beware of it, burgiars, mashers,

be to those gentry who depend upon the piquant offices of the "jimmy" type of girl that is with us. Not hers, the shrill squeal and fainting fit mice and other vermin!
